The idyllic surroundings of the house offer beautiful views over pine forests, countryside to the sea. During the day you can refresh yourself in the pool and relax on the pool deck and roof terrace. The large dining table by the open fireplace can seat 8 people. The lounge corner invites you to chill out all day long. The garden and the pool can be beautifully illuminated in the evening.

The house conveys a lot of charm through the spacious, bright and open living-dining area, which is the center of the house. Natural stone walls and a wooden ceiling make the newly furnished house look very cozy.

The doors throughout the living-dining area and kitchen can be completely slid open, allowing indoor & outdoor living to mix. The garden is designed with a pond biotope and waterfall with southern plants and offers nice shady places.

The casita also offers a retreat with 40m². It is located at the staircase to the main house and has a small terrace.

The outdoor hot tub you may see at the photos is de-installed in 2023.
