Price From / Night
1.046 €

An exquisite villa for 12 people, entirely secluded and positioned right on the seafront at the outskirts of Santa Eulalia, just a 15-minute stroll from the town center and boasting direct access to the waterfront.

This property consists of 3 separate buildings, totaling 6 bedrooms, each with its own bathroom. It features a fully equipped kitchen, an extremely spacious living area, all surrounded by beautifully maintained tropical gardens. The typical Ibiza architecture is combined with Moroccan elements, making it a truly charming estate.

The entire property is completely private. All bedrooms and living rooms are fully air-conditioned. There are 3 televisions and free Wi-Fi internet. This fabulous property can accommodate 10 to 16 people.

The extensive out-door area includes several terraces on 2 levels, a large swimming pool with diving-board, barbecue, fish pond and several chill-out areas enabling guests to totally relax.

A highlight is the unique and magnificent domed ceiling Moroccan style pool house with music system and bathroom facilities - perfect for private parties. There is also a Bali House to escape the midday sun or to have an evening drink from the built in fridge.

Through the garden gate is the coastal path with steps down to the sea. The beaches of Cala Pada and Niu Blau are just a 5 minute walk along the coast and offer a choice of bars and restaurants.

The villa is also an ideal location for events, weddings, yoga retreats and business meetings or seminars due to the layout and the independent entrances to guest rooms away from the main house.

Swimming pool and garden area:
A large pool 16m x 5m is surrounded by a beautiful terrace with numerous sun beds and parasols. The pretty Bali House is connected to the pool by way of a bridge. A covered area with table tennis and table football is situated next to the Moroccan pool house. The gardens include palm trees, fruit trees and a large grass lawn which is ideal for activities with colorful flowers and cactus plants. A large Argentinian style BBQ is situated alongside the main terrace.

---
