This villa is a charming 4-bedroom rural property between the charming villages of Santa Gertrudis and San Lorenzo.

This 200-year-old typical Ibizan finca has sympathetically been modernised to combine high-tech comforts with its traditional characteristics and authentic farmhouse features.

The expansive idyllic garden creates a secluded countryside escape with a large pool surrounded by tropical plants, loungers, a free standing hammock and a stunning Balinese chill-out pavilion. Completing the outside space there is also Al Fresco dining, daybeds, sofa seating, a swing bench, yoga area and a smaller sun-drenched terrace seated area.

Inside, the polished tiled floors, authentic wood beams and slatted wood ceilings create a rustic ambience. The spacious open-plan living space includes a cosy lounge area, formal dining and a stylish well-equipped kitchen. All of the bedrooms are of high-spec with en suites.

The two master suites have access to terrace areas with bathtubs and rainfall showers. The fourth double room beautifully opens directly onto the yoga area and Bali cabin. Nothing less than the perfect Ibizan holiday retreat.
