The Villa Algarrobos is laid out around a terrace with a pool, lounge and dining areas, a barbecue and plenty of parasols in case you need a break from the Mediterranean sun. The views from the main floor are spectacular, but you can also go up to the roof terrace for sea and sky views. There is even a boat launch that guests can use by prior arrangement.

The open living areas of the villa and the fully equipped kitchen form an L-shape around the pool. Sliding glass doors and polished concrete floors give the interior a cool, modern feel, while pieces like natural fiber carpets and wicker armchairs add an inviting, organic texture. Elegant stools line the breakfast bar in the kitchen and state-of-the-art equipment makes preparing meals a dream.

All four bedrooms in Villa Algarrobos are equipped with double beds and en-suite bathrooms, so that guests have their own private retreats during their vacation. The crisp white walls, the white bed linen and the smooth concrete floors in the bedrooms are loosened up by playful splashes of color in the form of accent pillows and carpets.

Guests have direct access to the beach in front of the villa and can also walk to the nearby restaurants and clubs in Cala Martina, Es Niu Blau and Nikki Beach. The house is a 5-minute drive from the supermarket, shopping, and restaurants in Santa Eularia des Riu, a charming town perfect for a quiet family vacation or a romantic honeymoon escape. For those who want to experience the island's famous nightlife, Ibiza Town is around 25 minutes away by car.
