Experience the authentic Ibiza finca lifestyle in this overwhelming and magical beauty. Can Cantó Ibiza captures the slow mood of the landscape in a very stylish way. The finca offers breathtaking views and a pool and is perfectly located in the heart of the island, just a few minutes from the hippie-chic town of Santa Gertrudis. "Minimalistic Boutique Hotel Style"

The house offers complete privacy and is located in a beautiful Mediterranean garden with olive and citrus trees. As soon as you step on the walls you will feel at home and relaxed. The pool is gorgeous and the crown jewel of this fabulous finca.

The finca pays homage to the Phoenicians who discovered Ibiza. A little paradise, a breathtaking place for nine people, four large double rooms, one single room, a TV room, three bathrooms plus a Bali-style outdoor spa with bathtub and shower.

An open kitchen connects to the 75 m² covered terrace with al fresco dining for 12, lush linden gardens, a private pool garden with huge loungers, a covered pergola or a teepee for a shady and well-deserved nap!

All bedrooms are air-conditioned. The underfloor heating ensures warm "happy feet" in winter, and the pool is heated in the off-season. Can Cantó is rated by returning customers as "a supreme and magical beauty" and "a little paradise".
