Casa Flor is a charming typical Ibizan three bedroom traditional finca farmhouse. Located in the village of San Rafael, just a short drive from the vibrant charms of Santa Gertrudis, this enchanting home is within easy reach to all the beautiful beaches and local towns due to its central location in the heart of the island. Although this villa retains its original beauty and essence, the home has recently been refurbished by the famous 'Blakstad Design Studio', who specialise in creating harmony between authentic Mediterranean homes whilst combining new building techniques, interiors and exteriors to suit contemporary lifestyles.

Throughout the property, you will delight in the unmistakable Blakstad style designs of clean, white walls along with traditional elements of open brickwork and wooden beams being upgraded to a more modern look and feel. All the living areas benefit from an abundance of natural light, and sophisticated, well-chosen furnishings and artwork. The three bedrooms are spacious, bright and airy and generously equipped, two boast king size beds, and the third come with twin beds, making this home ideal for families.

The outside space is complete with a private, inviting swimming pool surrounded by ample sunloungers, , alfresco dining area, lush green lawns and sun loungers. Casa Flor is the ideal place to get lost among the idyllic landscapes, views of tempranillo wine grapes and the scent of lavender flowers.
